An aerial photograph of a vast savanna landscape at sunset. The sky is filled with dramatic, dark blue and grey clouds, with a bright orange and yellow glow from the setting sun breaking through near the horizon. In the foreground, a green safari vehicle is parked on a dirt path. To its right, a small campsite is visible with a tent and some equipment. In the middle ground, a herd of animals, possibly wildebeest or zebra, is grazing on the green grass. The horizon is flat and extends across the entire width of the image.
